Advt. No.: NITD/ME/DST-SERB-IRTT/2/2019

Date: 8th May, 2019

ADVERTISEMENT TO FILL UP PROJECT POSITION*

Applications are invited from Indian nationals only for project position as per the details given below for the research project under Principal investigator (**Dr Apurba Layek**).

1. Title of the project: Investigation of Thermo-hydraulic Performance of Artificially Roughened Solar Air Heater Using **Infrared (IR) Thermography** Technique
2. Sponsor of the project: SERB, DST
3. Project position and number: JRF/SRF, **01**
4. Qualifications: M.E./M. Tech, Mechanical Engineering (preference to IITs/ NITs/ CFTI graduates with NET/GATE qualified.
5. Emoluments: 25,000/- + HRA (as per rule)
6. Duration: Up to the project duration, Feb. 2022.
7. Job description: Experimental and computational research support for the project

- i. Candidates before appearing for the interview shall ensure that they are eligible for the position they intend to apply.
- ii. Candidates desiring to appear for the interview should submit their applications with the following documents to the office of Principal Investigator through e-mail or by post.
 - Application in a plain paper with detailed CV including chronological discipline of degree/certificates obtained.
 - Experience including research, industrial field and others.
 - Attested copies of degree/ certificate and experience certificate.
- iii. Candidates shall bring along with them the original degree(s) /certificate(s) and experience certificate(s) at the time of interview for verification.
- iv. Preferences will be given to SC/ST candidates on equal qualification and experience.
- v. Please note that no TA/DA is admissible for attending the interview.
- vi. Preference will be given to the candidate with prior experience in the heat transfer research, experiments and numerical analysis. Knowledge of ANSYS, MATLAB and numerical tools are essentially required. Familiarity with **IR thermography and image handling** is preferable.
- vii. Preference will be given to the candidates with good subject background. Strong commitment to the project is desired.

The last **date for application** to be submitted to the office of Principal Investigator (by email) is **31-05-2019**.
